

Faculties

Farahvash - Mohammad Sadegh

CV Last Updated on:2004

Personal Information

School: Medical science of Tehran university

Department: Ophthalmology

Academic Rank: Associate Professor

Address: Eye Research Center of Tehran University of Medical Sciences.

Ghazvin sq. Farabi Hospital, Tehran, Iran

Tel: 0098-21-5413360

Fax: 0098-21-5416134

Email: farahvash@tuerc.org

Homepage: <http://www.tuerc.org/members/farahvash>

Birth Date: 22, May, 1959

Birth Place: Tehran, Iran

Marital Status: Married, 2 sons

Education

***High School:** Kharazmi High School, Tehran. (1970-1976)

***Medical School:** Faculty of Medicine, Tehran University, Tehran, Iran.
(1976-1983). My average score during years of Medical school was at the top.

***Internship:** Tehran University hospitals, Tehran, Iran. (1983-1984).

***Residency in ophthalmology:** Farabi Eye Hospital, Tehran University of
Medical Sciences, Tehran, Iran. (1984-1987).

***Fellowship in vitreo-retina:** Farabi Eye Hospital, Tehran University of
Medical Sciences, Tehran, Iran. (1987-1989).

***3-month Fellowship in intraocular tumors:** Jules Gonin Hospital, Laussane
University, Laussane, Switzerland (1990)

Positions Held

1. Assistant professor of ophthalmology, Tehran University of Medical Sciences. (1987-2000.)
2. Associate professor of ophthalmology, Tehran University of Medical Sciences. 2000-present.

Experiences

3. Translation of 12 Medical books into Persian (in ophthalmology, internal medicine, neurology, ENT, etc.).
4. Unpublished: Uveitis, Electro physiologic tests, Intra-ocular tumors.

(Booklets)

Esodeviations 1983

Exodeviation 1991

Diagnostic tests in Strabismus 1988

Seminar of Strabismus 1988

(Papers)

1-Farahvash MS. Ocular injuries caused by BB gun. Arch Irn Med 2000; 3(2): 64-67

2-Farahvash MS. Ocular aspects of facial port-wine stain. Arch Irn Med 1999; 2(2):82-86

3-Farahvash MS. Tissue expansion: A new modality for eyelid reconstructive surgery. Acta Medica Iranica 1997; 35(3,4):82-86

4-Farahvash MS. Dyslexia: Two years evaluation in primary school children. Irn J Ophthal 1995; 8(1,2):6-9

5-Farahvash MS, Bahrami Y. Etiologic diagnosis of chronic and recurrent uveitis in Farabi hospital. Irn J Ophthal 1986; 2(3):21-28

6-Farahvash MS. Evaluation of knowledge of internal medicine residents and interns about diabetic retinopathy. UMJ 1999; 10(1):21-2

7-Farahvash MS, et al. Methanol poisoning. . Irn J Ophthal 1986; 1(5):1-9

8 -Farahvash MS, Chams H. The role of human histocompatibility antigens in corneal graft rejection. . Irn J Ophthal 1985; 1(4):24-28

9-Farahvash MS. Amsler grid charts for evaluation of central visual field. Sina Ophthal J. 1990; (no. 3) 52-5

10-Farahvash MS, Aalami. Bilateral Ophthalmomiasis interna posterior: report of a case with severe visual loss. Arch Irn Med 1999; 2(1):38-41

11-Farahvash MS, Movasat M. Bandage contact lens and topical indomethacin in treating resistant corneal abraision after vitreo-retinal surgeries. . Irn J Ophthal 2001; 1(13):21-23.

12-Farahvash MS, Zarinbaksh P. Tuberculous uveitis in Iran. Acta of The 25-th ICO (Concilium Ophthalmologicum proceedings of 25th ICO) . Rome May 4-10, 1986 pp.1735-1738, 1987 Kugler & Ghedini, Amsterdam, Berkely, Milan.

13-Ghadami M, Tomita HA, Najafi MT, Damavandi E, Farahvash MS, Yamada K, Majidzadeh-A K, Niikawa N. Bardet-biedl syndrome type 3 in an Iranian family: clinical study and confirmation of disease localization. Am J Med Genet. 2000 Oct 23;94(5):433-7.

14-Chams H, Aalami-Harandi Z, Farahvash MS. The eye and methyl alcohol. Ophthalmologie. 1988 Oct;2(4):377-80.

15-Farahvash MS, Bayani E. Diode-laser contact cyclophotocoagulation in controlling resistant glaucoma after vitreo-retinal surgeries with silicone injection. Irn J Ophthal 2001: 3(13):

16- Farahvash MS, et al. Dalteparin versus Aspirin in recent-onset central retinal vein occlusion. Irn J Ophthal 2004: 3(16): 44-49

C- OTHER PUBLISHED MATERIAL:

Several booklets, posters, pamphlets, and films for prevention of blindness.

(Poster)

(Presentation)

1-Dalteparin versus ASA in recent-onset retinal vein occlusion. 16-19 June 2004, COS meeting. Vancouver, Canada.

2-Long-term effect of diode laser contact cyclophotocoagulation in controlling resistant silicone-induced glaucoma. 26-29 June 2003, COS meeting. Halifax, Canada.

3-Ophthalmic manifestations of facial port-wine stain in Iran. 5-9 May 2002, 107 th Congress of SFO. Paris, France.

4-Ocular injuries caused by BB gun. 6-10 May 2000, 106 th Congress of SFO. Paris, France.

5-Bandage contact lens and topical non-steroidal anti-inflammatory drug.....16-17 Feb. 2000, The 2nd Meeting of APSCRS, Chiba, Japan.

6-Bilateral Ophthalmomyiasis interna posterior.....21-26 June. 1998, 28 -th ICO, Amsterdam, Netherland.

7-Tissue expansion, a new modality.....1990, 26-th ICO, Singapore.

8-Tuberculous uveitis in Iran. 1986, 25-th ICO, Rome, Italy.

SOME OF RECENT PAPERS AND LECTURES PRESENTED AT NATIONAL MEETINGS:

- Chloroquine toxicity. 2003
- Cyclophotocoagulation by diode laser. 2003
- Contrast sensitivity. 2003
- Dark adaptation. 2003
- Electrophysiology tests. 2003
- Retinitis pigmentosa. Manifestations, genetics, management. 2002
- Uveitis update. 2002
- Diabetic retinopathy. Management. 2002
- Retinal vascular diseases. 2002
- Ocular examinations. 1987-present
- Active lecturer of Iranian national and International annual and monthly meetings of Iranian Society of Ophthalmology and meetings of Tehran University. 1987-present.

(Others)

Docterate & Speciality Thesis guidance:

- *Multifocal ERG in clinically significant macular edema
- *Ascorbic acid and its metabolites in AMD.
- *Evaluation of knowledge of students about diabetic retinopathy.
- *Corneal foreign bodies in referral patients to Farabi hospital.
- *The prevalence of color vision defects in Iran.
- *Endophthalmitis in Farabi Hospital.

- *The effect of different forms of steroid in treatment of anterior and intermediate uveitis.
- *Evaluation of knowledge of students about amblyopia.
- *The effect of risk factors in proliferative diabetic retinopathy.
- *Visual acuity in perforating eye injury.
- *Etiologic factors in juvenile uveitis.
- *Color vision defects in photocoagulated diabetic patients.
- *BB eye injury in Farabi hospital.
- *Evaluation of predisposing factors in retinal detachment.
- *Effect of low molecular weight heparin in central retinal vein occlusion.
- *Evaluation of normal parameters in electrophysiology tests among Iranians
- *Multifocal ERG in Chloroquine toxicity
- *Comparison of refractive errors in educated and non-educated population
- *Multifocal ERG in central serous chorioidopathy
- *Multifocal ERG in retinal detachment
- *Multifocal ERG in age- related maculopathy
- *Multifocal ERG in diabetic retinopathy
- *Multifocal ERG in macular dystrophies
